I am writing to thank Dorgan & Zuck, and especially Mr. Kohr for his diligent work, and dedication to working with us to complete our most recent project with the Housing Authority of Lancaster to the satisfaction of the client. We have worked on several LCHA projects with Dorgan & Zuck and have been able to develop a relationship of trust and understanding with one another. At several times during this most recent project, I was approached by Mr. Kohr about potential problems which enabled us to make the necessary changes before they became costly change orders.

Mr. Kohr was always eager to listen to our suggestions and give his professional opinion when he felt there was a more cost effective solution. I have worked with a number of contractors and can say without doubt that Dorgan & Zuck are an excellent company to work with.

I look forward to working together with Dorgan and Zuck on future projects.

Most Sincerely

Neil R. Young
